

**TRAFFIC ALERT**  
**Pima County Regional Wastewater Reclamation Department**  
**Tucson Boulevard Diversion Structure Rehabilitation**

September 9, 2022

Hunter Contracting Company, under contract with the Pima County Regional Wastewater Reclamation Department (RWRD), has nearly completed the sewer improvement project to replace the existing diversion structure located at the north end of Tucson Boulevard.

The contractor is currently completing the final list of work, including –

- installation of manhole collars and ladders along with manhole adjustments on Tucson Boulevard
- removal of pumps and temporary above-ground pipes along Jackson Avenue and within the UA property
- restoration items on Jackson Avenue
- fence restoration at the northern end of Tucson Boulevard

This work is expected to be completed by mid-September 2022.

The contractor will place the final thermo striping at the end of September, after the newly placed asphalt has “cured” for thirty days.

Pima County RWRD and Hunter Contracting thank the nearby residents and the traveling public for their patience and understanding while they worked to complete the improvements to this important piece of sewer infrastructure. Your support did not go unnoticed.

\*The above work schedule may be impacted by weather or mechanical failure.
