

April 2023

The Pima County Regional Wastewater Reclamation Department (RWRD) and their contractor Hunter Contracting, have begun work to replace a portion of the inlet and outlet sewer siphon structures, located near the 18<sup>th</sup> hole of the City of Tucson (COT), Silverbell Golf Course.

To complete the work, on April 4, 2023, a small segment of the Chuck Huckelberry Loop (Loop) path, on both sides of the Santa Cruz River, will be detoured around the temporary bypass piping (**see map detail**). The contractor will build a structure that spans the river, and safely elevates the temporary bypass piping out of the riverbed. This structure, and loop detour will be in place through mid-July 2023.
